PORTFOLIO / PROFILE

Aditya Mishra

Environmental Project Consultant

Environmental Project Consultant with 4 year(s) of experience supporting product and organisational sustainability assessments. Skilled in translating activity data into traceable environmental models, reviewing assumptions and communicating practical impact-reduction options.

candidate17@example.test | +91-555-010-017 | Sample City, India | Portfolio / LinkedIn: available on request
Target category: LCA **Experience:** 4 year(s) **Education:** M.Tech. Environmental Engineering — Coastal School of Engineering

SELECTED WORK

- Packaging portfolio footprint study
- Built cradle-to-gate models for multiple packaging SKUs using supplier material and energy data.
- Reviewed allocation assumptions and tested recycled-content and transport scenarios.
- Prepared hotspot summaries to guide lower-impact material choices.

CAREER EXPERIENCE

- Environmental Project Consultant | SustainWorks India
- Supported or delivered 12 product, process or site assessment workstreams from data request through reporting.
- Collected primary activity data from engineering, procurement and operations teams; checked units, completeness and representativeness.
- Developed or reviewed life-cycle models using relevant databases and impact methods; documented scope, boundaries and allocation choices.
- Prepared technical summaries, evidence logs and review notes for internal stakeholders and client discussions.

METHODS & TOOLS

- Life Cycle Assessment (ISO 14040/14044)
- SimaPro
- openLCA
- Life Cycle Inventory
- Impact assessment
- Carbon footprinting
- GHG Protocol
- Data quality review

ACADEMIC BACKGROUND

- M.Tech. Environmental Engineering — Coastal School of Engineering

CONTRIBUTION HIGHLIGHTS

- Improved source-data traceability through a structured evidence register.
- Identified high-impact materials and tested practical reduction scenarios.
- Maintained model versions, assumptions, exclusions and limitations for technical review.
