JUNIOR LCA ASSOCIATE

Anaya Das

Junior LCA Associate with 4 year(s) of experience supporting product and organisational sustainability assessments. Skilled in translating activity data into traceable environmental models, reviewing assumptions and communicating practical impact-reduction options.

candidate04@example.test | +91-555-010-004 | Sample City, India | Portfolio / LinkedIn: available on request
Target category: LCA **Experience:** 4 year(s) **Education:** M.Sc. Sustainability Management — Riverbend University

CAREER SNAPSHOT

- Junior LCA Associate | EcoTrace Consulting
- Supported or delivered 12 product, process or site assessment workstreams from data request through reporting.
- Collected primary activity data from engineering, procurement and operations teams; checked units, completeness and representativeness.
- Developed or reviewed life-cycle models using relevant databases and impact methods; documented scope, boundaries and allocation choices.
- Prepared technical summaries, evidence logs and review notes for internal stakeholders and client discussions.

EDUCATION

- M.Sc. Sustainability Management — Riverbend University

PROJECT EVIDENCE

- Comparative material assessment
- Compared material alternatives across climate and resource-use indicators.
- Ran sensitivity checks for transport distance, recycled content and end-of-life assumptions.
- Translated model outputs into a decision note for procurement and engineering.

SKILLS & METHODS

- Product carbon footprint
- Cradle-to-gate studies
- Cradle-to-grave modelling
- LCI validation
- EPD reports
- Stakeholder coordination
- Power BI
- Advanced Excel

ADDITIONAL CONTRIBUTIONS

- Improved source-data traceability through a structured evidence register.
- Identified high-impact materials and tested practical reduction scenarios.
- Maintained model versions, assumptions, exclusions and limitations for technical review.
