Anvi Saxena

Both
3 year(s)

Climate Product Experience Designer
Cross-disciplinary early-career professional combining environmental assessment knowledge with user-centred digital design. Able to interpret sustainability information and shape it into clear interfaces and decision-support experiences.

candidate44@example.test | +91-555-010-044 | Sample City, India | Portfolio / LinkedIn: available on request
Target category: Both **Experience:** 3 year(s) **Education:** M.Sc. Sustainable Design — Riverbend University

CORE CAPABILITIES

- SimaPro
- Figma
- Life Cycle Assessment
- User research
- EPD fundamentals
- Wireframing
- Carbon footprinting
- Prototyping

PROJECT PORTFOLIO

- Packaging portfolio footprint study / Local commerce responsive storefront
- Built cradle-to-gate models for multiple packaging SKUs using supplier material and energy data.
- Designed product listing, detail and checkout screens for mobile and desktop.
- Created reusable buttons, input states, cards and spacing tokens in Figma.

EXPERIENCE

- Climate Product Experience Designer | Sustainability Innovation Hub
- Supported environmental data collection and organised product, material, energy and supplier information for review.
- Translated sustainability concepts into structured content, visual explanations and user-facing flows.
- Created wireframes or prototypes for dashboards and reporting journeys, refining labels and hierarchy through feedback.
- Documented assumptions, research findings and design decisions for technical and non-technical stakeholders.

EDUCATION

- M.Sc. Sustainable Design — Riverbend University

PROFESSIONAL STRENGTHS

- Connected environmental metrics to user tasks and improved information clarity.
- Worked across research, analysis and design activities with traceable evidence.
- Presented findings concisely for reviewers from different disciplines.
