Ishaan Rana

Carbon Footprint Analyst | LCA

Carbon Footprint Analyst with 5 year(s) of experience supporting product and organisational sustainability assessments. Skilled in translating activity data into traceable environmental models, reviewing assumptions and communicating practical impact-reduction options.

candidate05@example.test | +91-555-010-005 | Sample City, India | Portfolio / LinkedIn: available on request
Target category: LCA **Experience:** 5 year(s) **Education:** B.Sc. Environmental Science — Institute of Climate & Resource Studies

IMPACT & OUTCOMES

- Improved source-data traceability through a structured evidence register.
- Identified high-impact materials and tested practical reduction scenarios.
- Maintained model versions, assumptions, exclusions and limitations for technical review.

EXPERIENCE

- Carbon Footprint Analyst | EcoLedger Consulting
- Coordinated 10 assessment workstreams, tracking scope, milestones, review comments and client inputs.
- Collected primary activity data from engineering, procurement and operations teams; checked units, completeness and representativeness.
- Developed or reviewed life-cycle models using relevant databases and impact methods; documented scope, boundaries and allocation choices.
- Prepared technical summaries, evidence logs and review notes for internal stakeholders and client discussions.

PROJECT CASE STUDY

- Packaging portfolio footprint study
- Built cradle-to-gate models for multiple packaging SKUs using supplier material and energy data.
- Reviewed allocation assumptions and tested recycled-content and transport scenarios.
- Prepared hotspot summaries to guide lower-impact material choices.

TECHNICAL / DESIGN TOOLKIT

- Life Cycle Assessment (ISO 14040/14044)
- SimaPro
- openLCA
- Life Cycle Inventory
- Impact assessment
- Carbon footprinting
- GHG Protocol
- Data quality review

EDUCATION

- B.Sc. Environmental Science — Institute of Climate & Resource Studies
