PORTFOLIO / PROFILE

Kiara Sen

Environmental Research Associate

Environmental Research Associate with 3 year(s) of experience supporting product and organisational sustainability assessments. Skilled in translating activity data into traceable environmental models, reviewing assumptions and communicating practical impact-reduction options.

candidate10@example.test | +91-555-010-010 | Sample City, India | Portfolio / LinkedIn: available on request
Target category: LCA **Experience:** 3 year(s) **Education:** B.Sc. Environmental Science — Institute of Climate & Resource Studies

SELECTED WORK

- EPD data preparation programme
- Mapped bills of materials to PCR requirements and organised primary data requests.
- Checked units, geography, representativeness and source quality before model integration.
- Prepared traceable assumptions and evidence for technical review.

CAREER EXPERIENCE

- Environmental Research Associate | BlueCanopy Environment
- Supported or delivered 9 product, process or site assessment workstreams from data request through reporting.
- Collected primary activity data from engineering, procurement and operations teams; checked units, completeness and representativeness.
- Developed or reviewed life-cycle models using relevant databases and impact methods; documented scope, boundaries and allocation choices.
- Prepared technical summaries, evidence logs and review notes for internal stakeholders and client discussions.

METHODS & TOOLS

- Environmental auditing
- EPD development
- PCR interpretation
- ISO 14025
- LCA report writing
- Supplier data collection
- Material flow analysis
- Excel

ACADEMIC BACKGROUND

- B.Sc. Environmental Science — Institute of Climate & Resource Studies

CONTRIBUTION HIGHLIGHTS

- Improved source-data traceability through a structured evidence register.
- Identified high-impact materials and tested practical reduction scenarios.
- Maintained model versions, assumptions, exclusions and limitations for technical review.
