Tara Khan

Environmental Audit Associate

Environmental Audit Associate with 6 year(s) of experience supporting product and organisational sustainability assessments. Skilled in translating activity data into traceable environmental models, reviewing assumptions and communicating practical impact-reduction options.

candidate06@example.test | +91-555-010-006 | Sample City, India | Portfolio / LinkedIn: available on request
Target category: LCA **Experience:** 6 year(s) **Education:** M.Sc. Environmental Science — Western Institute of Environment Studies

EXPERIENCE & RESPONSIBILITIES

• Environmental Audit Associate | Circular Materials Lab
• Coordinated 12 assessment workstreams, tracking scope, milestones, review comments and client inputs.
• Collected primary activity data from engineering, procurement and operations teams; checked units, completeness and representativeness.
• Developed or reviewed life-cycle models using relevant databases and impact methods; documented scope, boundaries and allocation choices.
• Prepared technical summaries, evidence logs and review notes for internal stakeholders and client discussions.

TECHNICAL TOOLKIT

• Environmental auditing
• EPD development
• PCR interpretation
• ISO 14025
• LCA report writing
• Supplier data collection
• Material flow analysis
• Excel

EDUCATION & LEARNING

• M.Sc. Environmental Science — Western Institute of Environment Studies
• Continued learning through practical assignments and peer review.

PROJECT WORK

• EPD data preparation programme
• Mapped bills of materials to PCR requirements and organised primary data requests.
• Checked units, geography, representativeness and source quality before model integration.
• Prepared traceable assumptions and evidence for technical review.

SELECTED ACHIEVEMENTS

• Improved source-data traceability through a structured evidence register.
• Identified high-impact materials and tested practical reduction scenarios.
• Maintained model versions, assumptions, exclusions and limitations for technical review.
