PROFESSIONAL SUMMARY

B.Sc. Information Technology graduate with hands-on project experience in Python development, backend engineering, REST API integration, database management, and AI-powered applications. Skilled in Python, Django, FastAPI, SQL, HTML, and CSS, with practical exposure to React and TypeScript through application development. Familiar with object-oriented programming, debugging, API communication, and application architecture. A curious and adaptable fresher interested in building scalable web applications, learning modern technologies, and contributing to collaborative engineering teams.

TECHNICAL SKILLS

Languages:	Python, Java, SQL
Backend:	Django, FastAPI, REST APIs, Backend Logic
Frontend:	HTML5, CSS3, React, TypeScript
Databases:	PostgreSQL, MySQL
CS Fundamentals:	OOP, Data Structures, Algorithms, DBMS, HTTP, CRUD Operations
Libraries & AI Tools:	Pandas, NumPy, FAISS, Sentence Transformers, Groq API
Dev Tools:	Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

Aura Skincare AI Voice Agent | *Python, FastAPI, React, TypeScript, Groq API, REST APIs* GitHub

- Developed an AI-powered voice assistant with a React and TypeScript frontend and FastAPI backend.
- Integrated an LLM API to process user queries and generate conversational responses.
- Implemented backend endpoints and frontend-backend communication.
- Worked on voice interaction workflows, application logic, and error handling.

DocuQuery – AI-Powered PDF Question Answering System | *Python, Django, FAISS, Sentence Transformers, PyMuPDF, Ollama* GitHub

- Built a document question-answering application to retrieve relevant information from PDF files.
- Implemented PDF text extraction, chunking, and semantic search using embeddings.
- Integrated FAISS for similarity-based retrieval and an LLM for answer generation.
- Worked on backend processing, caching, and performance improvements.

Mobile Sales Analytics Dashboard | *Power BI, Power Query, DAX, Microsoft Excel*

- Developed an interactive dashboard analyzing INR 769M+ sales, 19K+ units, and 4K+ transactions.
- Performed data transformation and cleaning to generate meaningful insights.
- Created KPIs, trend analysis, and interactive visualizations.

EDUCATION

Bachelor of Science in Information Technology (B.Sc. IT)
Shree Shankar Narayana College, Mumbai | University of Mumbai | CGPA: 7.67 2026

CORE STRENGTHS

- Logical thinking and problem-solving
- Debugging and analytical skills
- Quick learning and adaptability
- Team collaboration and communication
- Interest in scalable software and web application development
